

Job Description:

Cheshire AV Inc, a family-owned company that specializes in Audio Visual, has been a leader in the industry for over ten years. A member of ICIA, Cheshire AV understands our customer's needs and will strengthen your message, stimulating perception through sight and sound.

Our organization continues to expand and is currently seeking an experienced, highly motivated Video and/or Lighting Technician. A minimum of 10 years experience on a corporate level from an AV Rental and Staging Company is required, along with the expertise to oversee trade shows and conventions. The candidate must also possess the following qualifications:

- Able to install, operate, and service most AV equipment and systems. In-depth knowledge and experience of lighting, sound and video.
- Must be familiar with a variety of lighting manufacturers and techniques such as ETC, Martin, and Wysiwyg
- Stage and trade show experience
- Full knowledge of video systems, incorporating BARCO, Folsom projection, Sanyo, scaling and switching
- Familiar with all types of computer video display formats and configurations
- Interact with clients in a professional, customer focused manner
- Available to work outside of regularly scheduled hours
- Must be a team player, hard-working, and willing to learn new facets of the industry
- Able to work at heights over 10 ft. and lift at least 50 lbs.

Note: Position requires significant travel and candidate must be able to relocate to Rochester, New York. A 90-day probationary period is standard for potential applicants to confirm their ability to meet the above requirements. A valid driver's license is also a requirement.

Compensation and benefits are very competitive.

Interested applicants, please send resume, references, and salary requirements to sales@cheshireav.com or fax to (585) 325-4248.
